National Bank of Ethiopia, IT Department | [NBE](#)

Networking & Development Team

June 2025–Present

Addis Ababa, Ethiopia

- Collaborated on network configuration, troubleshooting, and performance optimization projects.
- Supported internal software development efforts by integrating system-level functionality and automating internal workflows.

## Projects

Kulli App | [Github](#) | HTML, CSS, React

- A logistics and trucking service application designed to connect clients with reliable truck owners for moving/shipping.
- A React-based app similar to Uber, but designed for trucks for helping users transport items efficiently from one place to another.
- it analyzes images, performing tasks like reading text from photos (OCR) and recognizing objects.

Event Booking App | [Github](#) | HTML, CSS, JavaScript, PHP, MySQL

- A full-stack event booking web app that reduced in-person venue scouting time by **70%** through real-time availability and calendar integration.
- Implemented automated booking and scheduling system for weddings, meetings, and other events, improving booking efficiency.

Small-Scale Projects | HTML, CSS, JavaScript, React, Java, C++

- Hate speech detector bot on Telegram Group | [Github](#) | Python
- React Portfolio website | [Github](#) | React.js, node.js, MongoDB, CSS
- AI Chat Bot powered by Google API | [Github](#) | HTML, CSS
- Java Example Library | [Github](#) | Java

## Skills

- Programming Languages:** JavaScript | Typescript | Python | Java | HTML | CSS | C++ | PHP | SQL
- Frameworks/Library:** | React.js | Express.js | Tailwind CSS
- Technologies:** Git | GitHub | Node.js | MySQL | SQLite | Figma | Netlify
- Soft Skills:** Growth Mindset | Adaptability | Teamwork | Collaboration | Communication | Project Management

## Extra curricular Activity

- Competitive Programming:** Actively participate in coding competitions on platforms | [leetcode](#) | [codeforce](#)
- Teaching and Mentorship:** Provide academic support and mentorship to peers and high school students
- Continuous Learning:** Pursue self-directed learning through online platforms | [Coursera](#) | [Udemy](#) | [FTL ML Bootcamp](#)

## Achievements

- Graduated with honors, **top 10%** – Saint Joseph School. | [Link](#)
- Ranked in the **top 0.2%** nationally in the Ethiopian University Entrance Examination | [Link](#)
- Co-founded **Abyssinia Education Consultancy**, enhancing student performance by **over 50%** | [link](#) | [telegram](#)
